

## **Ranch Manager's Report June 27, 2009**

### **2nd Quarter**

#### **Cattle**

Al Heaton moved cattle onto the ranch around April 15th and moved the majority of the cattle from the ranch on June 15. He left several mothers to calve and clean up any remaining feed and weeds. He is moving the remaining cattle within in the next few days and will return to spray for knapweed. Al thanks everyone on the ranch for their help.

#### **Weeds**

Tom Weaver has sprayed the roads twice. The last spraying was a couple weeks ago for Russian thistle.

#### **Roads**

Archie has been dragging the roads as needed at no charge to Indian Camp. I have asked Archie to please provide an invoice for his time and expenses.

### **3rd Quarter**

We need to gravel some of the roads, especially Mary's Path. Archie is having Rick repaint a few homeowner signs and clean the culverts.
